

Chamber of Commerce to Appoint Nominating Committee

The main order of business when the Spring Valley Chamber of Commerce meets Monday night, October 29, will be to name a nominating committee for the January election of officers.

William (Bill) Doughman, president of the chamber, says that the centennial is past, the chamber will get down to the business of furthering the future development of Spring Valley for the benefit of its citizens.

The matter of the Spring Valley library is still under consideration and more than likely it will be discussed at the Monday night meeting.

In the script of the recent centennial pageant, written and directed by Mrs. Betty Seymour-Robinson, it stated that "And it is most fitting therefore, that on the ground where Mr. Bancroft wrote his many books, that there should be a library erected for the use of the people of Spring Valley." The writing went on to say that the library should be called the Bancroft Library.

It is important to note that the books that first gave the San Diego Library its start came from the private library of Mr. Bancroft in Spring Valley.

Simon Brumbaugh, M.D., Elected Kiwanis President

Dr. S. Brumbaugh, Lemon Grove physician-surgeon, was elected president of the Lemon Grove Kiwanis Club Wednesday. He succeeds Dr. Robert Swenson and will take office at the beginning of the year.

Also elected were Thad Butts, vice president; Freeborn Cressy, second vice president; Sam Solleder, secretary and Jack Dumas, treasurer.

Elected to the board of directors were Dr. Robert Burns, Ken Conrad, Frenchy Faucher, Norman Flannery, Fire Chief Hensley, William Paul, Paul Reynolds and Pop Yeo.

Installation ceremonies date will be held in mid-December.

LUCKY LEMON DAYS HERE AGAIN!

Lucky Lemon Days are here again!

And just in time for early holiday season buying, too! Important savings are being offered by local firms in every department of every shop. The event will run through Saturday.

Lucky Lemon Days was initiated by the Merchant's Division of the chamber of commerce and have been held on an irregular schedule.

Thought behind the promotion is to show again that local firms have value giving power comparable with downtown stores.

They additionally offer more convenient parking and a more personalized service. This newspaper is providing blanket coverage to give every family a chance to get in on the bargains.

This year an important factor

has been added. Part of the sales tax money collected locally will be returned to the area from which it comes, according to the county board of supervisors. It is

estimated that this will exceed \$60,000 a year.

Lucky Lem, the cartoon character personifying Lucky Lemon Days, is a friendly, helpful and courteous sort of fellow. His counterpart will be found in every Lemon Grove shop.

Check this issue of the REVIEW for hundreds of advertised bargains. You will save time and money by shopping in Lemon Grove, your home town.

Four Grove Girls Are Homecoming Queen Candidates

Helix High School seniors will select their annual Homecoming Queen Wednesday, but will be unaware of the outcome until her official presentation to the school November 2 at the Helix, El Cajon football game, announced Jim Castle, senior class president.

Candidates are Mitzi Laughlin, daughter of Mr. and Mrs. Chester C. Laughlin, 3891 Capitol St., Lemon Grove; Jan McRae, daughter of Mr. and Mrs. Monroe A. Platt, 1924 El Parado, Lemon Grove; Pat Sandaker, daughter of Orville K. Sandaker, 2985 New Jersey Ave., Lemon Grove; Bonnie Slaton, daughter of Mr. and Mrs. James D. Slaton, 2556 Bonita St., Lemon Grove; Myrtle Tilling, daughter of Mr. and Mrs. Mack Tilling, 7321 Santa Maria Dr., La Mesa.

The queen will be presented to the student body by Bob Turnbull, alumni president, and she will reign at an after game dance to be held at Helix.

The candidates are traditionally nominated by the varsity football team.

An alumni assembly will be held November 2.

Two Local People Active in Handicapped Program

Two Lemon Grove residents have become active participants in the San Diego National Employ the Physically Handicapped movement, it was revealed last week.

One, Dr. Frank Gigliotti, a retired Presbyterian minister, was named by Governor Goodwin Knight to head up and energize the county movement. He called upon Mrs. Anthony Oddo, a housewife-portrait painter, 3437 Sweetwater Road, to sketch a portrait of Richard Nelson, national president of Goodwill Industries who was speaker during the recent Hire the Handicapped Week meeting in San Diego. Gigliotti made the presentation at the meeting.

Dr. Gigliotti said that 96 requests for handicapped persons had been made the first week of the program. In Nelson's speech he said that 20,000 handicapped persons now hold jobs.

Mrs. Oddo, mother of two children, began sketching in her native Italy. Married to a civil service employee of Naval Air Station, she is an art hobbyist who has never taken lessons. All of her work is done with a number 2 pencil. Presently she is doing a sketch of Senator Thomas Kuchel, which will be presented to the senator by Dr. Gigliotti.

One of her sons, Frankie, a 13 year old junior high school student, is following in his mother's art footsteps. Last year he won the art award at school and second prize in a Disney color contest. He also was awarded the citizenship award at junior high school last year.

NEW CATHOLIC CHURCH, NEW PARISH FOR SPRING VALLEY

Msgr. Richard Daniels and church plans

A new Catholic Church will be built soon in Spring Valley, it was announced here last week by the Very Rev. Msgr. Richard Daniels, priest in charge of the newly formed St. Sophia Catholic Parish.

Daily masses are currently being held at 7 a.m. and Sunday masses are at 8 and 10:30 a.m. in the temporary rectory at 3243 San Carlos Dr.

Msgr. Daniels yesterday said construction of a new church and rectory will be started as soon as a site is selected. The parish is the first in the valley.

A native of Coronado, Msgr. Daniels was graduated from St. Augustine High School, San Diego. He is a graduate of Loyola University in Los Angeles and studied for the priesthood at St. John's College in Camarillo, Calif.

Father Daniels was ordained here 10 years ago. For five years he served as secretary to the Most Rev. Charles Francis Buddy, bishop of San Diego.

Democratic Rally at Golden Avenue School

A Democratic rally and "Meet-your-candidate party" will be held in the Golden Ave. School, back of Piggly Wiggly, Lemon Grove, Friday, October 26 at 8 p.m., it was announced recently by treasurer of the Homeland Democratic Area Club, Mrs. Charlotte Phillips, Helix Street, Spring Valley.

Gordon Sheppard, 28th Congressional District nominee, and Assemblyman Sheridan Hegland, 77th Assembly District, will speak. Everyone invited. Come as you are and meet the candidates.

Spring Valley 28th Congressional District chairmen are Mr. and Mrs. William Doughman, Mr. and Mrs. Emil Caldwell, Nancy Munden, Olen Keith Jr., and Mrs. Charles Bisplinghoff. Master of ceremonies councilman Miles Nagel, La Mesa.

Southern County to be To be 'One Metropolis,' Mayor Dail Tells Men's Club

One "metropolis" made up of all the area in southern San Diego County was foreseen by Mayor Charles Dail of the City of San Diego as the result of an industrial development program now being planned at city government level.

He told the Men's Club Friday that "light" industry, such as electronics as opposed to "heavy" or "dirty" industry was being encouraged to locate here. He said it was a plan to diversify the area's economy.

Of the estimated 1,000 persons a day moving to Southern California, San Diego County is getting a high share of those people and we must provide jobs for them, he said. At present 70% of the population is dependent on Navy and aircraft.

He said that a vast industrial development was coming to Kearny Mesa and that probably the city airport would relocate there. He said that plans are in the works for harbor development which would make San Diego one of the biggest ports on the west coast. Plans include development of highways and railways due east.

He said that San Diego would share its water this year and next with county areas short of supply. "Conservation will be necessary but not rationing," he said.

Nearer to the Lemon Grove scene Mayor Dail said that negotiations are under way presently for annexing 5,000 acres of land east of Paradise Hills and south and west of Spring Valley. That, presumably, will take in the proposed 1,800 home project which will be built at Jamacha and Sweetwater Roads by Bollenbacher. This development has been viewed with concern by school, water and sanitation district officials.

Mayor Dail, a splendid speaker, handled his speaking stint at the Men's Club with his usual good ability to convey sincerity. This coupled with his very wide knowledge of city and state government made his appearance here an interesting one.

Andy Anderson was program chairman. Kenneth Barwick presided.

John McQuilken, recently ap-

pointed county assessor, will be speaker this week and he will tell of the dilemma of local government.—M. G.

Parents, Motorists Urged to Use Caution Halloween Night

As a matter of safety for our children on Halloween night, the following advice comes from the San Diego County Traffic Safety Council:

"Mothers, that Halloween costume you're planning for your child to wear outdoors can be a killer or a life saver. Use some white or colored material for that costume, so motorists will be able to see your child easier in the night.

"Parents must make every effort to keep this fun-filled holiday from becoming a traffic tragedy. Make sure the mask your child wears does not obscure his vision. The witches' broomsticks, the trick-or-treat bag and the jack-o-lantern and noise makers can all be decorated with reflectorized tape.

"Plan parties to keep the children in as much as possible. If you can, accompany your children on their trick-or-treat rounds.

"Motorists beware.

"Watch out for those tiny spooks and gremlins that will prowl the streets on Halloween night. They may not be watching for you."

Helix High Student Killed In Auto Accident

Fritz Donald Berger, Jr., 17, of 3270 Birch Street, Spring Valley was crushed under an auto and killed when it turned over on Jamacha Road half way between La Mesa and La Presa airports near midnight Saturday.

Two classmates, Jeffrey Sprung, 16, of 4544 Date Street, La Mesa and Henry Eugene Gatewood, Jr., 17, of 10470 Rancho Road, La Mesa were riding in the Gatewood 1955 sedan.

Highway Patrolman George Moyse said the three boys spent the evening at the Gatewood home. Young Gatewood was taking Berger home. The officer said the car was going west traveling

in the wrong lane on Jamacha Road at high speed. It ran off the North side of the road on a sweeping left curve. It stopped on its top in the west-bound lane. Berger was found pinned under the front part of the car. One of the boys was found 20 feet west of the car, the other 20 feet east.

Berger's body was taken to Conrad's Mortuary in Lemon Grove.

Both the other boys suffered serious but not critical injuries, fractured skulls, lacerations and contusions. They were taken to Grossmont Hospital and were reported in fair condition Tuesday.

THINGS DOIN' & BREWIN' About Civic Center

By DICK HENDERSON

Twenty-one efficient seasonal employees went on the payroll Tuesday morning in response to a yelp for help from Tax Collector Wilbur W. Easton's shop. These experienced clerks will be busy until November 1 getting the tax bills ready for mailing. It is no small job to make out, check, sort alphabetically, pull the lists

of bills sent in by banks and real estate, stuff 'em into envelopes, seal and get 'em to the post office. With 265,000 bills to send out this year, the most in history of the county, all mechanical aids procurable are used, and nobody has to lick the flaps any more, the mailing department at-

(Continued on Page 8)

Local Theatre Manager Is Suicide Victim

Joseph J. Shure, manager of the Lemon Grove Ace Drive In Theatre committed suicide Monday. He died of asphyxiation in his garage at 4347 40th Street by

pipng exhaust fumes into his car with a hose. It was his second attempt reported Sheriff's Deputy Earnest Sable. Shure was reported miss-

The Dimmer View

By MAX GOODWIN

I spent last Wednesday evening in the company of a glamorous movie actress named Barbara Hale. We were practically alone in suite 3116 of the El Cortez Hotel and had the entire world from which to choose a conversation topic and what do you think we talked about? Our kids! Not hers and mine as a joint venture. Honestly, I had never been in the company of the beautiful lady before last week, much less shared a romance with her. She talked about her children and I told her about mine.

Miss Hale in real life is the dutiful wife of Kit Carson who in real life is Bill Williams and they have had a happy ten years of marriage from which have off-sprung three children.

Jody, the oldest, is nine. She is in the fourth grade at Chandler Elementary School at Van Nuys. Last month when Jody's school had its open house and fair, her mother, Barbara, was designated Miss Pick-a-Pocket. She wore a costume with a score of pockets cut in and the kids got the contents of any one pocket in exchange for a pre-paid ticket. The pockets, she said, were filled with nickle and dime store items. "It was either that job or serve on a PTA committee," Miss Hale said. "I made \$7.60 for the children's fund."

Tonsils to Come Out Billy Boy is their only son. He is 5½. "We've got to have his tonsils out before he can start to school next semester," she said. Home is too confining for the young sprout, she admitted. Last week he received punishment for jumping from the dining room table onto his younger sister's hobby horse. "Daddy did it in a picture," he complained.

Daddy indeed had jumped from the roof of a porch to his saddle horse in a teevee picture the week before.

The other evening during a Bill Williams teevee western movie the little one, Nita, aged two, suddenly became aware that her father was on the television screen and at the same time was sitting in the living room reading a newspaper. She toddled over to Williams and patted his arm. "THIS is my Daddy," she stated, then sat down to watch television again as though she had solved the mystery of life.

During my talk with Miss Hale, other guests had arrived. RKO's New York press agent began to circulate among the guests. At his beckoning so did Miss Hale. Scent of the heady perfume most Hollywood people pour on engulfed me and a ham sandwich I had taken from a cart a waiter wheeled in at that moment.

The discussion with Miss Hale had gotten me lost in a pleasant maze of family-type conversation and I had almost forgotten why I was an honored guest in this beautiful lady's suite.

As guest newspaperman I was to tell my readers about television channel 6 booking a block of RKO pictures and Miss Hale is starred in some of them. It was also the first time, they said, a television schedule had been given Hollywood-type press agency.

Of some things I'm convinced. I've got to start watching teevee a little more regularly. I've also got to attend more PTA meetings.

College-Grove I got around pretty good last week. One of my stops put me in conversation with Arthur Hayler, an engineer of planning for (Continued on 7-A)

ing early this month and officials of the Uptown Theatres Inc. of Lemon Grove, owners of the firm, conducted an audit of the theatre's books.

Shure was missing two days and was later found unconscious on a deserted road on La Jolla Mesa. He had taken a quantity of a substance he said was "poison" and later recovered. Teh audit revealed a shortage of \$2,143.09 representing the theatre's receipts from October 1 to 9. His family has been attempting to make restitution.

Shure's body was found Monday by his son Robert. Notes indicated the financial problem was the cause of his action.

He apparently died without knowledge that a warrant for his arrest charging him with grand theft had been filed by officials of the corporation.

CANCE SHO

Theo's

LADIES MEN C

Helen Thio, manager of Lemon Grove store

A bright young chain of family shoe stores begins operation this week in Lemon Grove at 7941 Broadway. Name of the firm is Theo's Cancellation Shoes and owners-operators are a young couple named John and Helen Thio who also operate two other stores in the county.

"We're dedicated to making it less expensive to put good, nationally known brand shoes on the feet of the entire family," Mrs. Thio said.

The local store opens with more than 12,000 pair of women's, men's and children's shoes. "Some let the 'cancellation' part of our name mislead them," John Thio said. "We handle only nationally known brands and will not handle 'seconds.' Seconds, he said, are shoes with slight faults or blemishes.

"We have working agreements with all the leading manufacturers and while we cannot advertise their names, every shoe purchaser will recognize them on sight as the leaders in the field." My wife, Helen, who will

manage the new store, is the backbone of our chain. She is secretary and treasurer of our corporation," he said.

Mrs. Thio said that gifts would be given to all visitors during the "open house" this week. Two bicycles, one for a boy and one for a girl, will be given on a door prize drawing arrangement. There is no obligation on the part of the youngster to have a chance to win, he said.

Winners will be announced in this newspaper following the October 29 drawing.

Candy Shop Opening Delayed

Haas Heavenly Candies scheduled to open in the new building at 7947 Broadway has run into a jam. The building won't be ready in time for their planned opening say Mr. and Mrs. Paul Hill who will operate the shop. Construction delays made it mandatory to delay the opening until Friday November 9th.

Fifth Edition of American Heritage Pageant Planned By Helix High

Helix High School will present its fifth annual American Heritage Pageant November 20 and 21 in the Grossmont High School auditorium.

Central staging, as used in the Fiesta del Pacifico's California Story, will be employed for the first time by the staff, according to Mrs. Dorthe Bonsignore, director.

Plans are being made to bring a new tradition to the Helix campus. A girl will be chosen to be the Statue of Liberty in the finale. The girl who gets the part will have her picture taken for the pageant program, and it is believed that the part of the statue will create greater interest in the entire production, since tryouts will be continued on a wide scale.

The verse choir, under the direction of Donald E. Tarr, will supply the dialogue for the production.

Sets for this year's presentation will be designed and built by Helix Art teachers, Lawrence Helmut, and Clarence Jasmagy. The sets will be more stylistic than ever before, with an emphasis placed on modern design.

"This year's pageant should be one of the best that has ever been presented by Helix," Mrs. Bonsignore stated.

ULTIMATE GIVE AWAY

Eventually, of course, unless something is done to halt the trend, there will be a program which will give away the company sponsoring it and the network it is broadcast over.—St. Louis Post-Dispatch.

Halloween Costume Rush Party Planned By Sorority

At a recent meeting at the home of Mrs. Charles Foster in El Cajon, Gamma Chapter members of Epsilon Sigma Alpha Sorority folded Tuberculosis Christmas Seals and planned for an October Halloween costume party for members and their pledges to be held Thursday, October 25 at the home of vice president Mrs. Raymond Ortiz, at 3114 Rauleigh Court, Loma Portal.

Plans for the gala costume event were made by Mrs. Ortiz and her social chairman, Mrs. Ralph Mazella. Members attending from El Cajon are Mrs. Charles Foster, educational chairman, and pledge, Mrs. Estella Somerville; from Spring Valley, contact chairman, Mrs. Stuart Nelson, publicity and corresponding secretary, Mrs. Richard Grabowsky; and from Lemon Grove, Mrs. Jewell Mueller.

The members will fold approximately 50000 sheets of tuberculosis seals and will contribute time at the T. B. Center to stuff the envelopes with the seals prior to mailing to the San Diego city and county population.

SQUARE DANCE NEWS

(Continued)

CIRCLE EIGHT

Roy Close was club caller for the Circle Eight Square Dance Club when it met Friday, October 12 for its regular dance at the SV Community Center. Member callers assisted Roy: Ron East, Jim Hutton and Marvin Taylor.

The guest list included Margaret and Jack Durham, Norma and Bob Kleinhans and Frances and Smity Smith.

It was workshop night. An all eight chain was presented by Ron East; a new version of "Hurry, Hurry, Hurry" was presented by Marvin Taylor. The group enjoyed two rounds between each square.

Dunn, Schultz Spark Easy Helix Win

By BOB TURNBULL

Here's one for the history log: with six touchdowns called back on penalty infractions, the second half periods chopped from 12 to eight minute quarters to keep the score down, the fightin' Highlanders from Helix High School completely smashed Palo Verde-Blythe, 54-0 last Friday night in a foreign game. If all scores were good it would have been 90-0. Enough said?

Scoring for Helix was Lemon Grove's smashing halfback-quarterback Gary Dunn who plunged over from six, one and two yards out. Quarterback Bob Schultz ran for one TD and passed three tallies to Ron Palermo, 30 yards; Bob Cushman, 40 yards; and Jerry Goins, 25 yards. Spring Valley's fullback ace Danny Spinazzola slashed eight yards for still another six-pointer. Dunn converted five times and Schultz kicked. Schultz hit 50% of his aerials, 10 out of 20.

Friday night the green'n gray warriors meet their arch rival, Grossmont High School at Helix Field, 8 p.m. The Highlanders are favored but anything can happen in a game pitting two such enemies. Out of the top eight scoring leaders Helix is second, Dan Spinazzola, 18; fifth, Pat Brown, 12; and eighth, Gary Dunn, 10. The game to look forward to is the November rematch with El Cajon. It will be Helix's first home game and the homecoming affair.

Upsets around the town found Hoover surprising everyone including themselves in disposing San Diego, 20-12; S. D. State College tie powerful San Jose State College, 27-27. Other scores saw El Camino JC blast SDJC, 32-6, St. Augustine defeat Santa Paula, 18-0; Sweetwater beat Grossmont, 25-7 and El Cajon smashing Chula Vista, 32-14.—B. T.

WRITER SUGGESTS MONUMENT TO THE PIG

Robert West Howard, a writer in "American Meat Institute," suggests a monument to the pig. "People will drive 2,000 miles to see the Pilgrims' Rock at Plymouth, Mass., where the Pilgrims landed. But just try and ask someone in Boca Grande, Florida about the landing-of-the-pigs in Charlotte Harbor. They won't know about it.

"Here was the birthplace of the pig, insofar as America is concerned—but there is no monument to the pig in Boca Grande. In fact, there aren't any pigs in Charlotte County.

When Hernando DeSoto landed at Charlotte Harbor in 1539 he had 13 sows and two boars. When he began the march north in the spring of 1540 there were 300 pigs in line. Those pigs paced the foot soldiers through a 3200 mile march through Florida up to Arkansas.

Hernando DeSoto died in Arkansas in 1542—famed as the discoverer of the Mississippi River.

THAT G-O-O-D SERVICE GIVEN

Dial Dail HO 6-3756

John Dail Co.

7898 Broadway, Lemon Grove — adv

But his real contribution to this nation was the introduction of the pig.

Why don't we build a shrine on Charlotte Harbor to the landing place of the American pig? We've got the Pilgrims' Rock at Plymouth—Wright Brothers monument at Kitty Hawk—the Pioneer Woman statue in Denver—a big Hereford steer on a pylon in Kansas City.

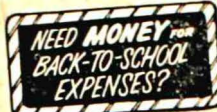

We could do a lot worse with some of our federal-state funds than to invest in a shrine and museum at the landing place of the pig. We could open a really good restaurant that could specialize in the very best pork products and leather goods that America can produce.

This porkatorium could distribute literature that would tell the truth about pigs, about their contributions to American history and American agriculture.

This would give the Florida tourists something to talk about and something to send home, besides grapefruit, sharks' teeth and bathing postcards.

The pig has been a citizen of what is now the United States for 417 years. He landed first in Florida on May 25, 1539—almost a century before the Pilgrims.

The American pig is a pioneer. He has helped us to win wars.

Back-to-school time is a costly time, what with new clothes for the school-goers, maybe books and tuition, or even transportation. Then's when it's handy to have a nearby friendly Pacific Finance who may help you with heavy schooltime expenses.

He has helped us pull through periods of starvation. He has helped us lift the mortgage. He is the second largest agricultural industry from the standpoint of producer's income.

And yet, without a word of praise, he marches placidly off to the stockyards to become 20 varieties of meat, 50 medicines and a couple of hundred industrial products. Everything about the pig is used except his squeal—and they use that in the movies.

There are two kinds of pigs in America. There is the fat, dirty hog who lives up to the folklore sayings only because lazy human beings made him that way.

Then there is the clean, meat-type pig, who, according to tests at Cornell University, is the most intelligent domestic animal in America—brighter than the dog, the horse, the cow or even the tabby cat."

WHAT IS MAN?

Man is the only animal that eats when he is not hungry, known.

drinks when he is not thirsty and makes love at all seasons—Unknown.

LEMON GROVE

Rotary District Governor to Speak In Grove Monday

Alpheus J. Gillette

Alpheus J. Gillette, governor of District 163, Rotary International will address the Lemon Grove Rotary Club Monday at Michael's Restaurant. Gillette is making his annual official visit to each of the 40 clubs in Imperial, San Diego and Riverside Counties. In addition to his address at the club meeting, he will confer with president Harry E. Sorteberg, secretary Melvin C. Grant, and other officers and committee chairmen of the local Rotary club.

Gillette is general agent for the Connecticut Mutual Life Insurance Company, with offices in San Diego. He is recognized as one of the leading life insurance men of the state, having served as president of the California State Association of Life Underwriters, and is a member of the Million Dollar Round Table. The district governor has served in many important roles as a civic leader. He is a past president and member of the Old Mission Rotary Club of San Diego.

District governors are officers of Rotary International, and Gillette is one of 248 governors who were elected at the annual convention in Philadelphia last June. They supervise the activities of more than 9,100 Rotary clubs which have a membership of 431,000 business and professional executives in 99 countries throughout the world.

Wherever Rotary Clubs are located, President Sorteberg said their activities are similar to those of the Lemon Grove club because they are based on the same general objectives . . . developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Community Conference Set For Saturday

A "second look" will be taken at local schools during the forthcoming Community Conference on Education, set for Saturday, October 27.

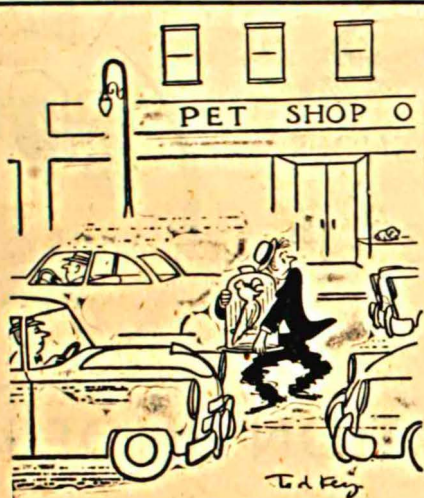

Sponsored by La Mesa-Spring Valley's Citizens Advisory Council, the event is expected to attract several hundred residents of the District, according to Mrs. Helen Crosbie, chairman. The conference was requested by the board of education in order to obtain community suggestions for helping to solve problems facing schools.

REPUBLICAN TEAM CALLS FOR 'ALL LEVELS' VICTORY

Congressman Jim Utt, Governor Knight, and Senator Tom Kuchel at an early in the campaign meeting in San Diego, agreed that only a united Republican victory at all levels of government would give President Eisenhower the necessary team to maintain "peace and prosperity." They said that William K. "Bill" Shearer, the Republican candidate for Assemblyman in the 77th District, was a vital member of the Eisenhower team and must be elected.

8500 Ft. Altitude Too High for Justice Court Clerk

Delores Rogers, clerk of the local court, has been back from her annual vacation for some time, but we were delayed until this week in getting the details of the family outing, when Pa and Ma Rogers and their two children went far afield to Mt. Whitney, no less, where they spent several days enjoying the rarified air of the tallest mountain in California. Delores says it took her two days to see some of the scenery from their stopping place, which was the end of the road for autos. The party had to leave the high place a day ahead of schedule, on account of the air being too thin. When you remember that 8500 feet is a mile and a half straight up, and she has been breathing Lemon Grove air at an altitude of 500 feet, you can understand why she couldn't take it.

Some visitors to Mt. Whitney go as far up as they can by auto, then transfer to horses and climb to lakes which abound with gamey trout of large size, but our friend doesn't care that much for fish.

The encyclopedia says: "Whitney, Mt., a peak of the Sierra Nevada in S. E. California, 14,522 feet in altitude. It is the highest elevation in the U. S. outside of Alaska. Named for Josiah Dwight Whitney."

The Rogers' youngsters, Allan, 16 and the girl, 12, are enjoying their school work. Allan went to summer school, and saved some time this term for another subject. Mr. Rogers is glad they got down off the hill safely, and Delores—well, she is taking in fines and writing official records, mostly of autoists who stray from the straight and narrow. Occasionally she helps a creditor get some dough from a reluctant debtor.

We are glad she is home again, and on the job.

If you want to know about your community . . . read it in this newspaper.

Mason's Supply Plans Expansion Next Month

Mason's, one of the area's oldest garden, feed and supply stores, will expand its operation beginning November 2, it was announced this week by Channing Mason, owner of the firm.

Mason said that new departments would be installed to include everything needed for the home gardener, except plants. During the opening of the new department a squad of technical men representing branded merchandise the firm will handle will be on hand to demonstrate and advise. There will also be free gifts and free coffee.

The business is located at 8280 Broadway, near Sweetwater Road.

Some of the new lines Mason said his firm would take on include: Duo-Therm lawnmowers; Ferry-Morse grass seed; Kingsford charcoal products; American Brand peat moss; D-Con rodent and roach poison; Treheal, pruning compound; American Bilt-Rite hose line; CTP pet spray; a complete line of California Liquid fertilizer and Last-Bite slug and snail meal which is non-poisonous to children and pets; Lush planter mix; Milorgonite; Village Blacksmith garden tools, pole pruners and pole saws; Buch wheelbarrows, lawn spreaders, rollers and areators; Chapman-Gilbert insecticides; Speedo sprayers and many other related items.

The firm was started in 1932.

Jobs Paying \$400-\$600 Open By State

The state personnel board has announced civil service examinations in the following classes:

Assistant Architectural draftsman, \$458-\$556; Assistant Physical Testing Engineer, \$481-\$584; Junior Oil and Gas Engineer, \$436-\$481; Field Worker for the Blind, \$358-\$436; District Administrative Officer in Medical Care Services, \$505-\$613; and Medical Social Worker, \$395-\$481.

Information is available at the department of employment office on Columbia Street.

Helix Band Benefit Rummage Sale To Be Held

Mrs. C. F. Baxter, president of Helix Band and Orchestra Parents' Club, announces a rummage sale to be held at 3047 National Avenue in San Diego on November 29 and 30, for the benefit of Helix Band and Orchestra.

Mrs. Baxter explained this early announcement would keep folks in mind of donating articles to the sale and make better selections possible for customers.

If requested, a truck will call for donations. Mrs. Baxter may be reached at HO 6-5321.

We are proud of Helix Band and Orchestra. Did you see an item in the daily press about school bands and their scarcity in San Diego City, while the county schools' bands are judged the finest in the state. Let's all help Helix Band and Orchestra to keep in the forefront.—D. H.

CHRISTIAN ENDEAVOR PLANNING PARTIES

The Christian Endeavor of the Friends Community Church of Spring Valley is planning a series of parties for the young folks of the community. They plan to hold one at least once a month. The parties will not only be for the young folks of the church, but for their friends and school chums as well. The next scheduled party will be a skating party early in November.

A group sponsored by Mr. and Mrs. Rolan Taylor and Mr. and Mrs. Jim Ray had a nice time at the Rohr Recreation Park at Bonita on October 14. Games were played and a hot dog roast was enjoyed by all.

Besides the sponsors, those who attended were Carol Ray, Jim Taylor, Kathleen Swift, Don Cameron, Thelma and Velma Rhodes and their cousin Loleta from Mexico, Linda Thomas, and Mary and Livy Hines.

Any young person interested in attending these parties may call Mrs. Ruth Taylor at HO 9-3946.

ADULT SCHOOL TO START HOSPITAL ATTENDANT COURSE

The Grossmont Adult School will start a hospital attendant course November 1 at Edgemoor Farm, Santee.

This class is to be a short term, 100 hours of theory, instruction, and ward training. It will meet five mornings each week Monday through Friday from 8 a.m. until 1:30 p.m. with a lunch period. Following the classroom work, daily experience in ward practice will be the schedule. The class is limited to 20 and pre-registration is mandatory.

This class will contain 40 hours of classroom training and 60 hours of ward work. The course of study is designed to provide nurses aids and to help fill the crying need for this type of vocation.

Upon completion of this course a student is eligible to take the civil service examination for hospital attendant. In cooperation with the Edgemoor Geriatrics Hospital, the adult education program is able to offer this unusual opportunity for vocational training.

SERMON EXPLAINS EVERLASTING PUNISHMENT

The question of the punishment or destruction of evil and the rewards inherent in genuine goodness will be discussed in the Lesson-Sermon on "Everlasting Punishment" to be given in all Christian Science churches on Sunday.

From Isaiah (26:7, 10) are taken these words, "The way of the just is uprighteous: thou, most upright, dost weigh the path of the just... Let favour be shewed to the wicked, yet will he not learn righteousness: ... and will not behold the majesty of the Lord."

GREAT GRANDMOTHER KEPT BUSY CELEBRATING BIRTHDAYS OF GRANDCHILDREN

Mrs. O. R. Patterson of 8396 Golden Avenue, on the hill with a magnificent view of the area, reports that she has put in a busy summer with birthday celebrations of her offsprings' offspring following in quick succession.

First celebration was the second birthday of a great-grandson; next, two grandsons had their second birthdays; one grandson celebrated his first birthday, and the very newest grandson, born to Mr. and Mrs. Richard E. Patterson of Rogers Road, Spring

Valley, has two months' residence to his credit.

It will take two turkeys to celebrate Thanksgiving, hey Gramma?—D. H.

WHAT'S DOING

LET 'EM GROW - GO SLOW!

Another school year is well under way and with it thousands of our young folks will be traversing the many busy intersections throughout our area. All of our Installers were made aware of this by special meetings the day school opened. Here we see Bill Anderson, an installer stopped at the Lemon Avenue School crossing. That's Richard Carter, crossing guard of the Junior Traffic Patrol with the situation well in hand. The Junior Traffic Patrol has established an impressive record over the years — no major accident involving a child at a guarded crossing. Remember the speed limit past our schools is 15 miles per hour — all year long — not just the first few days of school. Let's all go slow and let 'em grow.

Where were you when that call came in?

You can go visiting now — by telephone

Next time that youngster of yours looks up and asks: "When are we going to visit grandmother again?" you don't have to reply: "Oh, on next summer's vacation," or "Well, perhaps at Christmas time." You can just say, "Why, right now." And then pick up your telephone and make a warm and friendly long distance call. And don't forget, rates are lower after 6 p.m. on weekdays and all day Sundays. It's a wonderful way to keep in touch. Pacific Telephone.

tends to the weighing and stamping, and the P. O. department sends a truck after the mail when it is ready. Things were not always thus. Not so long ago the bills had to be folded by hand, stamp licked and stuck on envelopes having from one to several enclosures. The bills for banks, with Bank of America getting the most, were delivered by messenger. Now the banks are notified and a messenger of their own signs for the lists of bills that have been pulled. There is more to this job than we have told you, but be assured that it is handled efficiently. If you don't get your bill by November 5, telephone the tax office or send a postal (better), with a description of your property, and a duplicate will be sent.

Board of supervisors, all members present.

At 11 a.m., hearing on the application of Charles M. and Ida Irene Finger and Kenneth and Ethel T. Stullman for the reclassification from R-2-A to C-1 of property in Lemon Grove Section. Recommended by planning commission.

At 11:15 the continued hearing on proposed trailer park ordinance was heard at length, with some opposition from various speakers, favored by several owners of trailer parks. The point at issue was the allowance of the building of cabanas in trailer courts. Finally, it was decided that the cabanas could be built by the owners of the trailers, to be assessed as personal property and the tax paid by the owner of the trailer, when he decided to stay long enough to enjoy it. Also, when he wanted to move to Florida or some other clime, he could take the cabana along.

After every disputant had his say, the vote was called for. The director of public works had officially approved of the measure previously, though the planning commission had disapproved.

Long controversy over the matter of cabanas was settled when the board, by a vote of three to two, adopted the ordinance. Supervisors favoring the measure were Austin, chairman, Robbins and Howell. Opposing the passage were Bird and Gibson.

At previous hearings on the proposal, recommendations against the ordinance had been made by the Building Contractors Association, San Diego Apartment Owners Association, Leucadia Civic Association and Dr. J. B. Askew, county public health director.

Cabanas are structures built alongside trailers to provide additional, semi-permanent living space. Many trailers costing \$5,000 and up are parked in courts in the county.

The provision allowing cabanas is in operation in 14 other counties in California.

Laughlin Matter

The board decided to set a hearing on the petition of Raul A. Laughlin for payment of salary he claims—justly in the opinion of many taxpayers—owed him for the time he lost when Arthur Eddy, then assessor, fired him summarily for insubordination, i.e. exposing some of the inner workings in the office. Arthur later resigned under pressure, investigation by officials of the county and state was stopped and Eddy was allowed to resign, thus whitewashing the odorous affair.

Raul Laughlin was exonerated by Eddy when he resigned, but the board refused to allow Laughlin his salary for the time he was not on duty, more than \$2000 being involved. Bert McLees, deputy county counsel and adviser of the board on legal matters, said Laughlin will have to give evidence to the board whether he received compensation (for outside work) during the period.

Tax Matters

Usual requests from assessor for correction on the 1955-56 secured and unsecured assessment rolls, which will result in transfers of assessments, increases and decreases and/or refunds of taxes were received. (Approved by county counsel and city attorneys and consent given taxpayers, where required.)

Tax collector requests that he be authorized to institute action in Small Claims Court to collect 279 1956-57 delinquent tax accounts. (Better pay your taxes, boys. The rest of us pay up or else.)

Bert Strand's store in county jail showed a profit of \$196.36 during September.

Departmental Matters

Report of administration building control committee on the subject of additional elevators for Civic Center.

Old Age

Letter from county counsel re-

turning without his approval a request of director of public health for authorization to dispose of smallpox immunization consent slips for the period of September 19, 1954 to June 8, 1955, inclusive; stating that Government Code Sec. 26202 permits the destruction of such records only when they are more than five years old.

Request of DPH for permission to destroy certain progress reports and family folders. County

counsel disapproves.
Special Districts

Letter from Mary Esther Ray and Marjorie Jackson withdrawing their protest against the proposed assessment for the improvement of Hardy Drive, 1911 Act Unincorporated Area 36, r.i.d. 6006 (Lemon Grove).

Request of Grossmont Union High School District for the temporary transfer of \$100,000 to meet current expenses pending the receipt of tax revenues. (Treasurer reports that funds are

available).

Miscellaneous Unclassified

Vouchers and claims for return of money erroneously deposited in county treasury. (One of the Lemon Grove Sanitation District.)

Letter from W. M. Wood recommending immediate action to control the dog nuisance in the county.

Planning commission recommends denial of a request of Geo. B. Brassington, M.D., and Theodore and Amelia Mangano for

the reclassification from R-2-A to C-1 of their property in Sub No. 2 of Lot 12 of Rho Mission of San Diego, Lemon Grove Section; but recommends approval of the reclassification of said property from R-2-A to C, and of the reclassification of adjacent property to the west of the east line of Lot 12, Lemon Grove Center, on condition that the property owners formally offer to the county, without cost, 20 feet of additional right of way along the north side of Golden

Avenue; and approval of the reclassification from R-2-A to C-1 of portions of Lots 6 to 12, inclusive, of Lemon Grove Center, adjacent to the north side of H Golden Avenue.

Road Matters

Re acquisition of R/Ws: Road Survey No. 802 Grove Street, Lemon Grove.

Copy of letter from planning commission to A. W. Johnson, Spring Valley, relative to a review of the zoning pattern in

Casa de Oro business district and vicinity, stating that the commission had directed its staff to make such a study and submit a report thereon.

Copy of letter from boundary commission to associate superintendent, Grossmont Union High School District, recommending approval of the boundary description, as corrected, of the proposed annexation of Mount Miguel High School site in Grossmont H. S. District to the Spring Valley Fire Protection District.
